Support and protection wherever you are

At FSB, our mission is to help smaller businesses achieve their ambitions. We are proud to be the leading voice of 5.5 million small businesses and self-employed people across the UK, working to promote and protect your interests.

Founded 50 years ago as an advocacy group in response to a proposed tax increase on the self-employed, we offer our members a wide range of vital business services, including advice, financial expertise, support and a powerful voice heard in local, national and devolved governments.

FSB membership gives you more than just market-leading benefits. Part of your membership fee contributes to making real change happen for you and the wider small business community. Together, we make a difference.

What our members say

We use the FSB Legal and Business Hub when we were looking to develop our trademark, they were able to provide us with information to identify what we needed to do to bring the trademark to our business and legalise it.

Brian Mullan *Dirty Cars Wanted*

I think the best thing about FSB is the actual networking, because everybody's like-minded and there is a friendliness to it. It's fun, it's actually fun to go to work, so that's the big benefit to me.

Nick Avery *Pawfect Bags*

I'm a proud FSB member; FSB has helped me in so many different ways. They offer great benefits such as the Legal and Business Hub, FSB Insurance Service, and health and safety advice. If someone is looking to join, membership is a no-brainer. It's a small amount that you will pay but the benefits you get is a great return on your investment.
